

## **PLACEMENT OF SOLAR PANELS WITHIN OCEAN RIDGE**

In South Carolina, homeowner associations are allowed to restrict the placement of solar panels. The Ocean Ridge Architectural Review Board will use the following policy when addressing a request for the installation of solar panels.

Approval of a request the installation of solar panels will be determined on a case-by-case basis with no approval setting a precedent for future decisions. A request for solar panel will typically be approved if the panels cannot be seen from the street in front of the residence.
